Education Level: Masters
Major: Plant Sciences

Desired Role: Grader
Research Interests: Quantum Computing

Education:

University of Michigan, Ann Arbor

B.S. in Plant Sciences,

Expected Graduation: May 2025

Relevant Coursework:

Quantum Computing, Data Science Fundamentals, Applied Machine Learning

Skills:

JavaScript, Deep Learning, MATLAB, Pandas, Docker, Keras

Experience:

Undergraduate Research Assistant

Department of Plant Sciences, University of Michigan, Ann Arbor

Sep 2023 – Present

- Worked on projects related to quantum computing using tools like JavaScript, Deep Learning, MATLAB.
- Contributed to literature reviews and helped design experiments.
- Assisted with data collection and preliminary analysis for research papers.

Academic Project

"Quantum Computing Analysis using AI"

- Built a project that applies concepts from ML and statistics to study topics in Quantum Computing.
- Presented findings in class and received excellent feedback from faculty.

Hobbies & Interests:

- Peer mentoring
- Open-source contributions
- Chess and strategy games
